

## Co-located Event

*Fluid Sealing Association & Hydraulic Institute*

Once again, the Fluid Sealing Association (FSA) will co-locate its fall meeting with the Hydraulic Institute (HI). This was planned in order to add considerable value to each organization's meetings through shared sessions and expanded networking events. While the FSA will maintain its meeting structure with committee and division meetings, enhanced program highlights include joint general sessions with dynamic speakers, tabletop displays, and combined meals and social events.

This is your time to reclaim your life!  
It's time - your time - to conquer those feelings of overwhelm. It's time you vanquished those guilty feelings that lurk when you can't get more done in a day or answer all of your emails.

The truth is that you're 100% in control of the solution: figuring what

works best for you and how you think and process information. When you start working smarter, not harder, you renew and refresh your relationship with time, your to-do list and your inbox.
